**FOR IMMEDIATE RELEASE**

***Timestamp* is a fiercely personal duet of text, movement, music and audience experience that challenges societal expectations.**

Presented as part of Rhymes With Purple 2025 Fringe season, this experimental new show is co-created and performed by musician-playwright Karen Cecilia and dance-visual artist Emilee Lord. Each night is different, as the the audience becomes the third collaborator.

In this genre-blurring and hypnotic performance, Cecilia and Lord break down and name the expectations forced upon them by society, and what they chose instead - and prompt the audience to do the same. A truly alive piece of theatre for anyone who wants to march to the beat of their own drum.

"I am extremely proud of this show and the continued impact on our audiences, especially women, from our run in NYC," says Cecilia. "We set out to create a show that incorporates a multitude of our artistic practices while welcoming in the audience with their own explorations of life's expectations. I dedicate this show to my Mother and all the women in my family."

"In 2025, now more than ever, we need work that is urgent, inclusive and life-affirming," says Rhymes With Purple lead producer Frodo Allan. "We are really proud that this year's curated RWP programme embodies that and then some - and excited for audiences to take part."
